

INDUSTRIAL GASKETS

Rubber and Cork Gaskets

INDICATIVE PRICE

INR 200

per piece, ex-works Nashik

MINIMUM ORDER

20 Piece

MATERIALS

Nitrile (NBR), Silicone, EPDM, Neoprene (CR)

DESCRIPTION

Different types of Rubber Gaskets are Manufactured as per Customers Sizes and Specifications. Our Rubber Gaskets are manufactured out of Nitrile Rubber having Excellent resistance to Petroleum based fluids and having very good physical properties. Neoprene Rubber having good weather, oil resistance and flame retardant properties. It can sustain up to -40°C to +130°C Temp. EPDM Rubber having excellent resistance to Ozone, Chemical and aging. Polurethene Rubber having High Tensile and Durometer readings. Excellent abrasion and Tear strength properties. Silicone Rubber having excellent high and low temperature properties. Viton Rubber

SPECIFICATION

Material	Rubber and Cork	Application Type	Industrial Machinery
Shape	Rectangular	Thickness	Upto 5 mm
Usage/Application	Industrial	Temperature	50 to 100 degrees celsius
Color	Black or Brown	Hardness	50 degrees to 75 degrees shore A
Maximum Temperature	-25 - 135 degree c	Finish	Natural
Density	1.5 specific gravity		

MADE TO YOUR DRAWING

Every dimension, hardness and compound above can be changed to suit your assembly. Dies are cut in-house, so a first sample takes days rather than weeks.
