

MASKING PLUGS, CAPS & BUMPERS

Rubber Dock Bumper

INDICATIVE PRICE

INR 250

per piece, ex-works Nashik

MATERIALS

Nitrile (NBR)

DESCRIPTION

Heavy-duty moulded Rubber Dock Bumpers designed to absorb impact and protect loading docks, warehouses and industrial structures. Manufactured from high-quality rubber for excellent shock absorption, abrasion resistance and long service life. Available and can manufacture in various sizes, hardness grades and mounting-hole configurations as per customer requirements. Key

MADE TO YOUR DRAWING

Every dimension, hardness and compound above can be changed to suit your assembly. Dies are cut in-house, so a first sample takes days rather than weeks.
